MEMORANDUM OF INFORMATION NO. 15

FOR: National Estimates Board

SUBJECT: Summary of Recent Indications of Imminent Hostilities

The following is a selective listing of reports received since 1 December 1950 concerning observed or rumored Soviet and Satellite actions that might have a bearing on the imminence of hostilities. Most of the military information has been selected from the G-2 Watch Committee's Report of Indications of Soviet Communist Intentions; the political and economic reports have come from various sources. The selection has been made primarily on the basis of the possible significance of the reports rather than their reliability, which is in many instances dubious. Except where explicitly indicated, no attempt has been made to evaluate the information presented or to draw any conclusions.
